SWIM OFFICIALS NEEDED

If you want to give the greatest gift to your swimmer, your team and the sport of swimming than you should consider being a Certified Stroke/Turn Official. As a parent of a swimmer you have the opportunity to be involved with your child and their sport in various ways. One very instrumental way is by being trained, certified, and working as an Official. Officials are present at all competitions to implement the technical rules of swimming and to ensure that the competition is fair and equitable to everyone.

Officials attend clinics, receive training and are certified by USA Swimming. Novice officials generally start as Stroke and Turn Officials whose job it is to observe the swimmers in their assigned lanes from the time they take their first arm pull after entering the water or beginning a race through the completion of their race. Stroke and Turn Officials ensure that the strokes, turns and finishes comply with the rules applicable to each stroke. If strokes, turns or finishes are executed in a manner which is out of compliance with the rules, in the spirit of fairness they document information to disqualify a swimmer from a race.

If you are interested in becoming a Swim Official, please contact Tedder Stevenson at: (209) 747-7498
